WALL THERMOMETERS

IN COLORFUL, EYE-CATCHING INDIVIDUAL PACKAGES

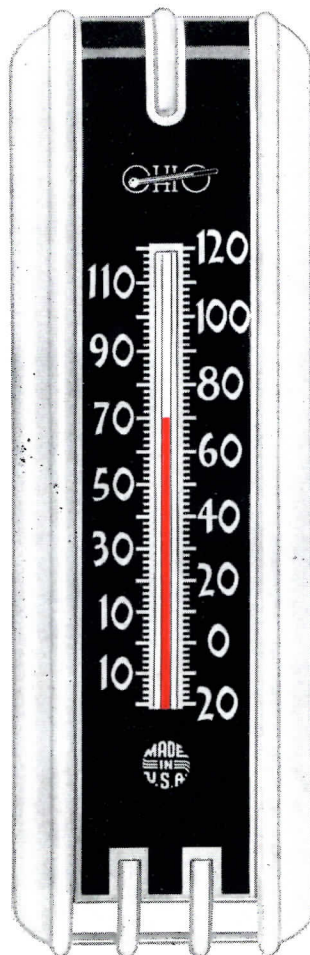

No. 3507

An attractive wall thermometer in an unusual design that blends perfectly with its surroundings in any room! Simulated carved wood back in toned walnut plastic. Contrasting bronze scale with antique style numerals and graduations. 5" red spirit tube. Size: 7" x 3 $\frac{3}{4}$ ". Individually boxed. Shipping weight: 4 lbs. per dozen.

Suggested retail price 79c each.

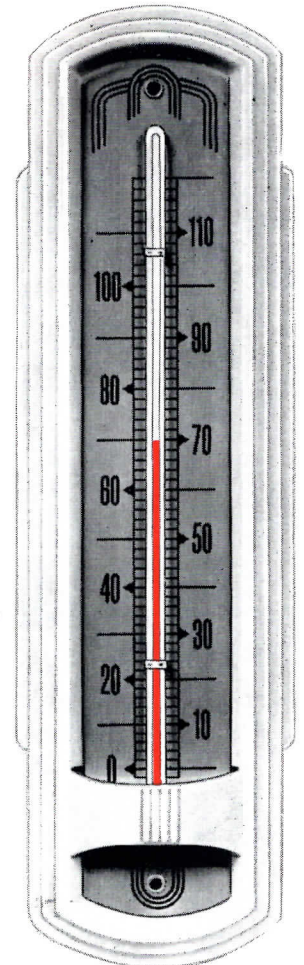

All three numbers displayed on this page are packed in the colorful individual box shown in the upper left hand corner!

No. 3521

Here is an attractive model with white numerals and graduations standing out boldly on a shiny black scale! The 4" red spirit tube is recessed into the aluminum scale and the ivory color of the plastic back provides just the right amount of contrast for real eye appeal. Size 6 $\frac{1}{2}$ " x 3". Packed in individual boxes. Shipping weight: 1 $\frac{1}{4}$ lbs. per dozen.

Suggested retail price 89c each.

No. 3551

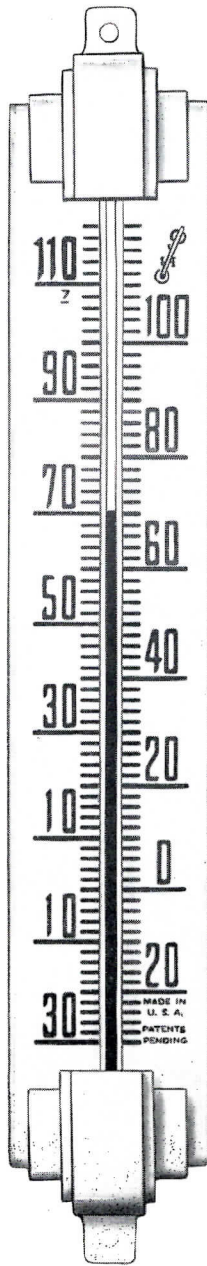

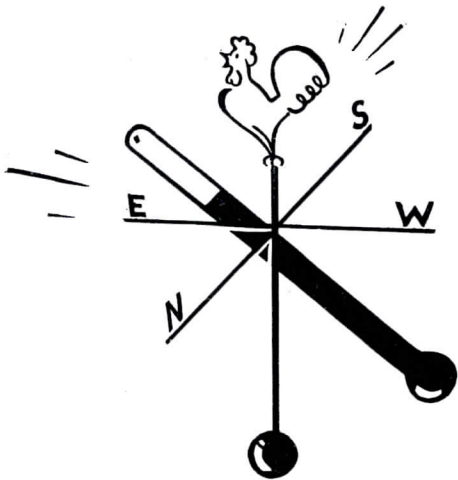

An inexpensive plastic number done in modern symmetrical design. The plastic back is toned walnut finish and the size is 6 $\frac{3}{4}$ " x 2". Black numerals and graduations stand out clearly on the handsome aluminum scale. 5" red spirit tube with bridge-type bulb guard. Concealed hanger in back. Packed in individual boxes. Shipping weight: 1 lb. per dozen.

Suggested retail price 69c each.

WALL THERMOMETERS

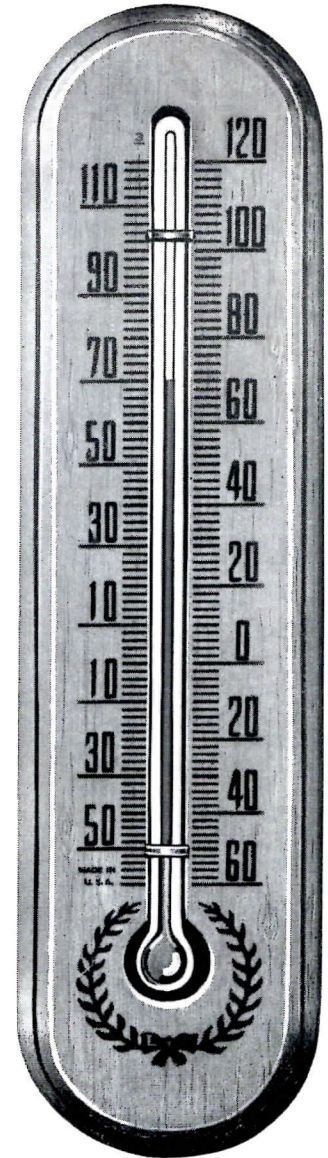

UNUSUAL DESIGNS - INDIVIDUAL PACKAGES

No. 388

A smart new modern design! Black ceramic numerals and graduations are permanently fused to the white background of a heavy glass scale. Ivory plastic caps at top and bottom add to the distinctive appearance and make mounting an easy matter. Size: 8½" x 1½". Packed individually in the eye-appealing box shown in the upper left hand corner of this page. Shipping weight: 3½ lbs. per dozen.

Suggested retail price 89c.

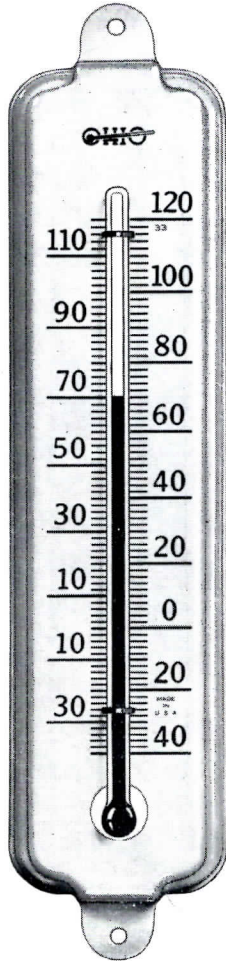

No. 8701

Here is a real quality wall thermometer with a heavy hardwood back varnished in natural finish. The size is 8½" x 2½". This number is equipped with an extra large magnifying red spirit tube. The black scale and numerals make this an easy-to-read instrument for all purpose use. Concealed hanger. Packed individually in the colorful box shown in the upper left hand corner. Shipping weight: 3½ lbs. per dozen.

Suggested retail price 79c.

ALL METAL WALL THERMOMETERS FOR INDOOR OR OUTDOOR USE

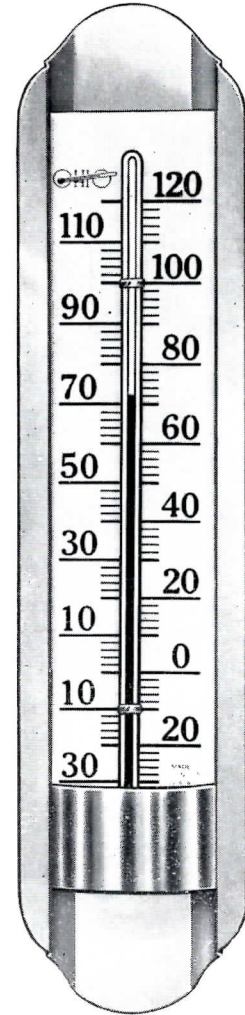

No. 515. This thermometer will withstand the weather when used outdoors and yet makes an attractive thermometer for indoor use. The back is heavy gauge metal and measures 10½" by 2¼". Durable white enamel finish with contrasting black numerals and graduations make it easy to read. Equipped with extra large magnifying red spirit tube and packed in a colorful individual box. Each thermometer is complete with screws for hanging. Shipping weight: 3 lbs. per dozen.

Suggested retail price 93c each.

FOR ADDED SALES APPEAL...

The product is attractive and the package is attractive! To build greater sales, the packages for both thermometers shown on this page are the type shown in the upper left hand corner. Colorful and eye-appealing sales helps when displayed on the counter!

The
Lee

**OHIO BAROMETERS -
THE PERFECT GIFT!**

More than twenty-six inches long
. . . Solid Mahogany . . .
Imported English Movement

Ohio's Lee Barometer is a superb masterpiece in hand-rubbed solid mahogany with polished brass bezel, dial, finial, thermometer scale and trim. Its unique design harmonizes equally well with period or modern decorating. The compensated aneroid movement — imported from England — makes the Lee a precision instrument whose accuracy matches its startling beauty. The easy-to-read thermometer adds an extra touch of richness with its graceful black numerals contrasting perfectly with the brass scale. The length is 26½ inches and the diameter is 8¼ inches at the dial. Here is the answer to the demand for accuracy and beauty combined in one single unit!

No. 628 — Suggested retail price \$29.95

The Evans by

Of universal appeal is this ship's wheel barometer done in the best of nautical tradition. The gleaming brass bezel, dial and spokes contrast sharply with the dark hardwood back — the effect is a rich warmth in perfect keeping with the most tastefully decorated surroundings. The Evans is an instrument of keen accuracy with its imported compensated aneroid movement. A delightful addition to den, library, or living room — designed for use on wall, table or desk, as you prefer. The overall diameter is 9¼ inches.

No. 640 — Suggested retail price . . \$9.95

The CLARK

AN  EXCLUSIVE . . . IN PLASTIC

A pendant barometer-thermometer combination in a modern plastic case — and available in a choice of three colors: mahogany, black and ivory! The compensated precision aneroid movement is imported from England and is extremely sensitive and accurate. Contrasting brass bezel, dial and thermometer scale blend perfectly with any of the three color selections to make the Clark Barometer outstanding in any setting. The length is 13 inches, and the diameter is 7 inches at the dial.

No. 639 — Suggested retail price \$10.95

See *The Lee* on the reverse side of this page.

The **VOGUE** BAROMETER

AN  EXCLUSIVE

The design of Ohio's Vogue barometer is in perfect keeping with modern or contemporary decor. The hand rubbed blonde mahogany is perfectly highlighted by the polished brass bezel and dial. The Vogue is equipped with a compensated precision aneroid movement which is imported from England, making this an extremely sensitive and accurate instrument. For contrast and added grace, black formed wrought iron completes the design at top and bottom. Convex dial and open faced mechanism adds to this intriguing design.

For home or office, the Vogue barometer is an accurate, useful instrument with a decorator's touch!

OHIO COOKING THERMOMETERS

The Magic Wands of a Good Cook!

No. 6980 Double Duty Thermometer

The popular Double Duty Thermometer records the accurate temperature for deep fat frying, candy making and jelly making. Metal scale is completely enclosed in glass with easy-to-read numerals and graduations. It is equipped with a 9" mercury tube and a convenient pan clip. Each Double Duty Thermometer is individually boxed in an attractive, colorful display box that allows the buyer to see the instrument through the gleaming, transparent window on the top. Complete instructions included with every thermometer. *Remember - only the Ohio No. 6980 has these features: metal scale, mercury tube and patented tapered tip for precision accuracy and immediate response without "temperature lag."* Shipping weight: 3½ lbs. per dozen.

Suggested retail price \$1.00.

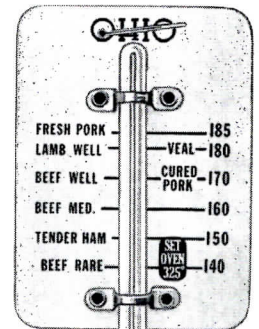

Double Duty

No. 4631 Roast Meat Thermometer

Take the guesswork out of cooking with Ohio's Roast Meat Thermometer. A completely dependable instrument for preparing any type or any size roast. Heavy aluminum scale with black graduations. Correct readings listed on the scale for each type of meat. Large red spirit tube with non-toxic fluid. Skewer and complete instructions accompany each thermometer. Individually packed in colorful window box for added sales appeal. Shipping weight: 1½ lbs. per dozen.

Suggested retail price \$1.00.

Roast Meat Skewer

Roast Meat Thermometer

No. 662 Baster

Ohio's new baster has a variety of everyday kitchen and household applications that eliminate the use of the old fashion spoon. It's ideal for basting roast meat or fowl - quickly and evenly. You'll baste apples with the same ease and speed, and it's also excellent for skimming cream from milk. Use it, too, for separating fats and grease from gravy. Wonderful for watering plants and 101 other uses in every home. Each baster packed in an attractive and sturdy tube in beautiful color for display and storage. Shipping weight: 4 lbs. per dozen.

Suggested retail price 59c.
