Copper Weather Vanes,

TOWER ORNAMENTS, FINIALS, CHURCH CROSSES

—AND—

EMBLEMATIC SIGNS,

GILDED WITH PURE GOLD LEAF

MANUFACTURED BY

THOMAS W. JONES,

Successor to CHAS. C. BRIGGS and V. W. BALDWIN

Nos. 170 & 172 FRONT STREET

New York.

Your attention is most respectfully called to the within list, which I do not hesitate to say, embraces the largest and most complete assortment of Vanes manufactured in the United States or elsewhere. They are made of Copper covered with 23 Carat Gold, and Warranted not to Corrode. Every Vane is a perfect indicator of the wind's direction, and warranted in every respect. The spires are wrought iron, with steel spindles for the vanes to turn on. The price of each Vane (unless otherwise noted) includes a wrought iron spire, points of compass, gilded letters and balls. Intending purchasers are invited to call and inspect the Vanes before they are gilded.

VANES OR EMBLEMS MADE FROM ANY DRAWING OR DESIGN,
ON SHORT NOTICE, AT FAIR PRICES.

Orders for Gilding and Bronzing Neatly Executed.

OUR VANES ARE MADE OF COPPER

AND GILDED WITH

23 CARAT GOLD LEAF.

Emblematic Signs and Vanes,

OF EVERY DESCRIPTION, SUCH AS

*PENS, GUNS, BOOTS, WATCHES,
MORTARS, SPECTACLES, PADLOCKS,
ANVILS, &c., &c.,*

MADE TO ORDER AT THE LOWEST PRICE.

—••—
✂ Orders for Bronzing and Gilding neatly executed. ✂

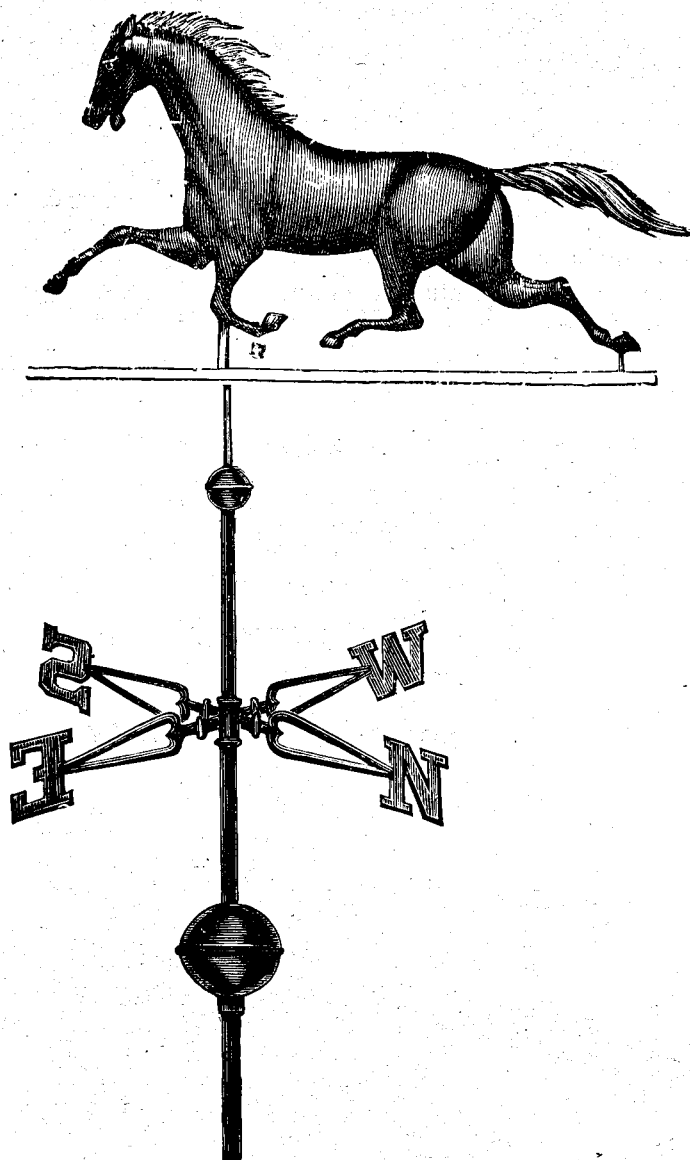

—••—
I particularly invite comparison of my Vanes with any other manufacturer in this country, both as to styles, designs and price. No other recommendation will be necessary. The price of each Vane includes a wrought iron spire, with steel spindle, points of compass, gilt letters and balls. Beware of heavy Vanes. They are half or more made of cast zinc. Zinc contracts and expands by the action of the weather. The result will be the Vanes so made will crack were the zinc and copper are united, and soon fall to pieces.

COPPER EAGLES.

(We claim to have made the first and only perfect Copper Eagle. All others are poor imitations. We make them wholly of Copper, with double-thick wings. On comparison of quality and style with other makers, we feel sure that ours will have the preference. Arrows are indispensable when Eagles are used as Vanes.)

 All my Vanes are of copper, and gilded with pure gold leaf.

THOMAS W. JONES,

MANUFACTURER OF SUPERIOR

COPPER WEATHER VANES,
TOWER ORNAMENTS,

FINIALS, ETC.,

170 & 172 FRONT ST., NEW YORK.

In the year 1862, the history of this house began. It was founded by V. W. BALDWIN, at No. 213 Pearl Street. He was succeeded by CHAS. C. BRIGGS, who died in 1882. In November, 1882, T. W. JONES became sole owner of the business, which during the administration of his predecessors became widely known and in which they achieved distinction as manufacturers of Copper Weather Vanes, Ornaments and Emblems. The high standing of these goods is due to their quality, durability and exquisite taste and finish. They are made from copper and pure gold leaf, and will last very much longer than the imitations made from zinc, which will not stand the aerial and aqueous denudation to which they are exposed and must meet.

The Copper Vanes, Finials, Tower Ornaments, &c., are made from any design furnished, and gilded with 23 carat gold leaf.

The business having greatly increased, it became necessary to remove to the present quarters at Nos. 170 and 172 Front Street, much larger and better situated for the manufacture and sale of the goods, and where it will remain for many years, the present owner having secured a long lease.

All designs in the Illustrated Catalogue are kept in stock, and any new design of horses, finials, ornaments, &c., not in the catalogue can be made on short notice if desired.
