Stützerbach

Thuringia (Germany).

Telegraphic Address: Constantin Heintz Stützerbach.

Railway station Ilmenau.

Established 1869.

Maker of scientific, chemical, physical, meteorological, technical,
medical, surgical and pharmaceutical apparatus and instruments;

complete Outfit of Laboratories
for universities, schools and chemical works.

Glass tubes and hollow glass.

Porcelain of Thuringian, Royal Berlin and Meissen
and Brandenburg make.

Conditions of sale.

All previous prices superseded.

All prices in this catalogue subject to change without notice.

Terms 3 months from date of invoice or cash within 30 days with 2½% discount.
